<b>Welcome!</b><br><br></div>
```

```
My name is Lowri and I am a final year student studying Information Systems at Cardiff University.<br><br>
```

```
This is for my final year project, which entails a study of how our demographic information affects our labelling of images.<br><br>
```

```
All that is required from you is to follow the instructions on the following page.<br><br><br>
```

```
<b>Click the "Next" button for Instructions</b></label><br><br><br>
```

Instructions

</div>

Please enter all of your information on the following page by clicking the "Next" button below.

I stress that you fill in <u>ALL</u> information that is applicable to you.

You will then be directed to the first image where you are asked "What do you see?"

Please name <u>5</u> things that you see within the image. Try not to name the obvious.

Once you have named <u>5</u> things, click "Next" again and you'll see the second Image. Follow the same instructions as above.

There are 5 images in total.

Once you have finished and have been directed to the Thank-you page, you may exit the web browser.</label>
